

— POWERING INDIA'S EV INFRASTRUCTURE —

WHO WE ARE

Evoltis is a new-age EV infrastructure company delivering end-to-end turnkey solutions for EV charging across homes, businesses and public infrastructure.

From engineering and charger supply to installation, commissioning and long-term support, we make EV charging simple, reliable and future-ready.

We work with customers at every stage of their EV charging journey. Whether it is installing a charger at home, setting up charging facilities at a workplace, or developing a complete public charging station, Evoltis provides the support required from start to finish.

Our approach is simple — understand the requirement, recommend the right charging solution, manage the installation and ensure that the system is ready for reliable everyday use.

By bringing technology, engineering and execution together, we aim to make EV charging infrastructure easier to plan, install and manage across India.

1

OUR MISSION

Accelerate India's transition to electric mobility with reliable charging solutions.

2

OUR VISION

Become a trusted EV infrastructure partner for a cleaner and greener future.

3

OUR VALUES

Integrity. Safety. Innovation. Quality.
Customer success.

01

Growing EV adoption

More electric vehicles create growing demand for convenient charging.

02

Policy momentum

Government initiatives and urban planning support EV infrastructure.

03

Business opportunity

Charging can improve customer experience and create new revenue streams.

04

Future-ready assets

Properties equipped for EV charging are better prepared for tomorrow.

EV charging infrastructure is becoming an essential part of modern mobility and real estate.

OUR TURNKEY EV INFRASTRUCTURE SOLUTIONS

1

HOME CHARGING

Smart and convenient charging for homes, villas and apartments.

2

BUSINESS CHARGING

Reliable charging for hotels, offices, hospitals and commercial properties.

3

CHARGING STATION DEVELOPMENT

Design, build and operate public and semi-public charging stations.

4

END-TO-END EXECUTION

From feasibility and power planning to civil/electrical execution, charger installation, commissioning and support.

One partner. Complete EV charging solutions.

EXECUTION-READY SCOPE Load study • coordination • Electrical & civil works • Earthing • Charger installation • Testing • OCPP onboarding • AMC

BUY A CHARGER

Smart AC charging solutions for every need

EVOLTIS HOME

EV

7.4 kW

AC CHARGER

STARTING FROM

Rs 64,999

- Smart charger
- Standard installation
- Mobile app
- 15 m cable

EVOLTIS PRIME

EV

11 kW

AC CHARGER

STARTING FROM

Rs 89,999

- Premium charger
- Three-phase installation
- Smart monitoring
- 15 m cable

EVOLTIS COMMERCIAL

EV

22 kW

AC CHARGER

STARTING FROM

Rs 1,49,999

- Commercial charger
- Load management
- Commercial installation
- Smart monitoring

SET UP YOUR OWN CHARGING STATION

Your journey with Evoltis

1

INITIAL CONSULTATION

Share your requirement and property details.

2

FREE SITE ASSESSMENT

We assess load, electrical readiness, feasibility and future expansion.

3

TECHNICAL & FINANCIAL EVALUATION

Charger sizing, power planning and a practical commercial solution.

4

CUSTOM PROPOSAL

Detailed scope, BOQ, investment estimate and execution plan.

5

PROJECT EXECUTION

Coordinated civil, electrical, earthing, installation and approvals.

6

GO LIVE & SUPPORT

Testing, commissioning, OCPP onboarding, training and support.

OUR TURNKEY INFRASTRUCTURE SERVICES

1

SITE ASSESSMENT

Load study, feasibility, power readiness and expansion review.

2

ENGINEERING & DESIGN

Charger sizing, SLD/BOQ, electrical, civil and load planning.

3

ELECTRICAL INFRASTRUCTURE

HT/LT coordination, panels, cabling, protection and earthing.

4

CIVIL WORKS

Foundations, trenching, canopy, signage and parking works.

5

CHARGER PROCUREMENT

OEM-agnostic selection and supply of suitable charging hardware.

6

INSTALLATION & COMMISSIONING

Professional installation, testing, commissioning and handover.

7

SMART SOFTWARE

OCPP-ready backend, monitoring, payments and analytics integration.

8

ANNUAL MAINTENANCE

Preventive maintenance, breakdown support and uptime-focused service.

INDUSTRIES WE SERVE

1

Hotels & Resorts

2

Commercial Offices

3

Fuel Stations

4

Shopping Centres

5

Industries

6

Hospitals

7

Residential Communities

8

Fleet Operators
